INTRODUCTION

These guidance notes have been compiled to guide beneficiaries of grants from the Education, Audiovisual and Culture Executive Agency (EACEA - hereafter referred to as 'the Agency') and external auditors in the preparation of the Report of Factual Findings on the Final Financial Report - Type I.

The objective of these guidance notes is to give an overview of the requirements and provisions which are of importance in claiming costs for reimbursement and hence in the certification of the Final Financial Report.

This document is composed of four sections:

- Section I: Purpose and content of the Report of Factual Findings on the Final Financial Report - Type I
- Section II: Practical guidelines for the beneficiary and essential background documents
- Section III: Glossary
- Section IV: Engagement Letter for the Report of Factual Findings on the Final Financial Report - Type I

I. PURPOSE AND CONTENT OF THE REPORT OF FACTUAL FINDINGS ON THE FINAL FINANCIAL REPORT - TYPE I

I.1. General principles

The Report of Factual Findings on the Final Financial Report - Type I is an independent report of factual findings produced by an auditor.

The purpose of the Report is to provide the Agency with a reasonable assurance that:

- All costs as well as all receipts (including other sources of financing) declared in the Final Financial Report are justified by the relevant supporting documents;
- All costs are incurred¹ in the eligibility period in accordance with Article I.2 of the Grant Agreement/ Article 2 of the Grant Decision. For costs incurred outside the eligibility period, further guidance is provided in Section II.3.3 of these guidance notes;
- Expenses incurred in a currency other than Euro have been converted in accordance with the provisions² of the Grant Agreement/Decision;
- The beneficiary has complied with the rules for accounting and record keeping in accordance with Articles II.19, II.20 and II.27.2 of the Grant Agreement/ General Conditions n° 19, 20 and 27.2 of the Grant Decision;
- Sub-contracting and procurement costs comply with the related provisions set by the Grant Agreement/Grant Decision.

N.B: The submission of a Report of Factual Findings on the Final Financial Report - Type I does not mean that the Agency, the Commission or the Court of Auditors waive their right to carry out their own audits³.

Notwithstanding the procedures to be carried out, the beneficiary⁴ remains at all times responsible and accountable for the accuracy of the Final Financial Report. A beneficiary that has been found guilty of making false declarations or has been found to have seriously failed to meet its obligations under the Grant Agreement/Decision shall be liable to financial penalties according to Article II.17 of the Grant Agreement/ General Condition n°17 of the Grant Decision.

The auditor has a contractual relationship solely with the beneficiary. The auditor does not have a contractual relationship with the Agency and the Agency will not intervene in any dispute between the auditor and the beneficiary.

¹ See 'Glossary' for a definition of "expenditure incurred in the eligibility period".

² Where the beneficiary is required to use the website of the Commission, this refers to InforEuro: http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm

³ The Agency may at any time during the Grant Agreement/Decision and up to five years after the closure of the action, arrange for audits to be carried out as explained in article II.27 of the Grant Agreement/ General Condition n°27 of the Grant Decision.

⁴ For the purpose of these guidance notes, the term "beneficiary" refers both to the beneficiary (coordinator) and co-beneficiaries (partners). For further details please refer to the Glossary (page 16).

The auditor shall ensure that the work has been undertaken:

- in accordance with the International Standard on Related Services ('ISRS') 4400 *Engagements to perform Agreed-upon Procedures regarding Financial Information* as promulgated by the International Auditing and Assurance Standards Board (IAASB) of IFAC;

- in compliance with the *Code of Ethics for Professional Accountants* issued by the International Ethics Standards Board for Accountants (IESBA) of IFAC. Although ISRS 4400 provides that independence is not a requirement for agreed-upon procedures engagements, the Agency requires that the auditor also complies with the independence requirements of the *Code of Ethics for Professional Accountants*.

I.2. Auditors eligible to deliver the Report of Factual Findings on the Final Financial Report - Type I

Each beneficiary is free to choose a qualified external auditor provided that the following cumulative requirements are met:

- the external auditor must be **independent** from the beneficiary;
- the external auditor must be **qualified** to carry out audits of accounting documents in accordance with national legislation. A beneficiary established in a third country (i.e. non-EU member state) must comply with equivalent national regulations in the audit field.

In accordance with Article II.23 of the Grant Agreement/ General Condition n°23 of the Grant Decision,, public bodies have the choice between an external auditor and a competent public officer⁵. A preliminary condition is that this competent public officer was not involved in any way in drawing up the Final Financial Report and that he/she is are not hierarchically dependent on the officer responsible for the Final Financial Report. Moreover, to be in the position of delivering the report, the public officer should meet at least one of the following competency criteria:

1) Professional experience: minimum three years' professional experience in one of these fields: accounting, financial, taxation and auditing;

2) Qualifications: a level of education which corresponds to completed university studies of at least 4 years attested by a diploma in the accounting, finance and/or auditing field, or professional training/a professional qualification of an equivalent level relevant to these fields.

In choosing an auditor in drawing-up the Report on the Final Financial Report, the beneficiary must also ensure that no conflict of interest exists between the chosen auditor and the beneficiary. A conflict of interest arises when the auditor's objectivity to establish the Report is compromised in fact or in appearance because, for instance, the auditor:

- was involved in the preparation of the Final Financial Report;
- stands to benefit directly should the Report of Factual Findings be accepted;
- has a close relationship with any person representing the beneficiary;

⁵ See 'Glossary' for a definition of 'competent public officer'.

- is a director, trustee or partner of the beneficiary;
- is in any other situation that compromises his/her independence or ability to establish the Report impartially.

I.3. Reimbursement of the costs of the certification

The cost of the certification and the production of the **Report of Factual Findings on the Final Financial Report - Type I** is an **eligible cost** in the Grant Agreement/Decision for which the certification is submitted (II.19 of the Grant Agreement /General Condition n°19 of the Grant Decision).

The cost of the certification is a direct cost and may be charged in the respective category of the budget, as specified in the call for proposal and in the detailed budget tables attached to the project proposal/application.

The price charged for a certification is subject to the general eligibility criteria of the Grant Agreement/Decision and should take account of relevant market prices for similar services. Excessive or reckless audit expenditure will be rejected.

The auditor invoices the beneficiary directly giving a breakdown of the amount of fees charged, travel & subsistence reimbursement(s) as well as the VAT applied.

The Agency will not pay the cost of developing the methodology. The eligible costs are limited to the performance of the agreed-upon procedures and exclude any costs relating to consultancy for improvement or refinement of the methodology.

II. PRACTICAL GUIDELINES FOR THE BENEFICIARY AND ESSENTIAL BACKGROUND DOCUMENTS

In order to avoid delays in the submission of the Report, the beneficiary should select and contract the auditor well in advance. An engagement letter should be signed by both the beneficiary and the auditor.

A model engagement letter is provided in Section IV of these guidance notes.

As a first step it is essential that the auditor fully understands the requirements of the certification and is provided with a complete set of the documents necessary for the certification.

- Auditor's role:

The auditor's role is limited to reporting only factual findings that confirm whether:

- All costs as well as all receipts (including other sources of financing) declared in the Final Financial Report are justified by the relevant supporting documents;
- All costs are incurred in the eligibility period in accordance with Article I.2 of the Grant Agreement/ Article 2 of the Grant Decision.. For costs incurred outside the eligibility period further guidance is provided in Section II.3.3. of these guidance notes;
- Expenses incurred in a currency other than Euro have been converted in accordance with the provisions⁶ of the Grant Agreement/Decision;

⁶ Where the beneficiary is required to use the website of the Commission, this refers to InforEuro: http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm

- The beneficiary has complied with the rules for accounting and record keeping in accordance with Articles II.19, II.20 and II.27.2 of the Grant Agreement/ General Conditions n° 19, 20 and 27.2 of the Grant Decision;
- Sub-contracting and procurement costs comply with the related provisions set the Grant Agreement/ Grant Decision.

In this context, it is crucial that the Agency specifies in detail the procedures to be undertaken, and the auditor reports the factual findings observed as a result of performing those procedures since these will form the basis for the Agency's acceptance of the beneficiary's Final Report.

- Supporting documents:

In addition to the normal supporting documents needed to perform the required testing procedures, the following documents may serve as a basis for certification (the list is not exhaustive):

- Call for proposals (delete if not applicable)
- Project application (delete if not applicable)
- Grant Agreement signed between the beneficiary and the Agency, or Grant Decision, including the General Conditions (in particular, part B which sets out the financial provisions), any amendments, and the Annexes i.e. 'Description of Work', 'Budget', etc.
- Administrative and Financial Handbook, Programme Guide, Frequently Asked Questions (delete if not applicable), etc.
- The present guidance notes

II.1. Submission of the Report of Factual Findings on the Final Financial Report - Type I

The beneficiary is required to submit to the Agency a Report of Factual Findings on the Final Financial Report - Type I produced by an auditor in support of the payment request under Article I.4 of the Grant Agreement/ Article 4 of the Grant Decision.

The agreed-upon procedures as defined by the Agency are performed to assist the Agency in evaluating, during its desk control, that the costs claimed by the beneficiary in the Final Financial Report have been claimed in accordance with the provisions of the Grant Agreement/Decision.

The external auditor or competent public officer must use the reporting format attached in Annex 3 to the Engagement Letter (see Section IV).

The Report of Factual Findings on the Final Financial Report - Type I is composed of two separate documents:

- The auditor's Report of Factual Findings to be issued on the auditor's letterhead and dated, stamped and signed by the auditor (or competent public officer)
- The cost breakdown relating to the Action (conforming to the template annexed to the Grant Agreement/ Grant Decision, i.e. the Excel Final

Financial Report), compiled, dated and signed the beneficiary and countersigned⁷ by the auditor (or competent public officer).

The Report of Factual Findings on the Final Financial Report - Type I must be written in English, French or German.

II.2. Procedures to be carried out for the Report of Factual Findings on the Final Financial Report - Type I

The Agency has designed these procedures in order to obtain standardised and comparable reports from all auditors, who are expected to carry out the procedures without adaptation for the particular circumstances of the beneficiary. In particular all procedures have to be carried out in full and **unaltered**.

It should be noted that the Responsible Authorising Officer will be in charge of taking the relevant decisions on the eligibility of costs declared in the Final Financial Report.

II.3. List of Procedures to be performed and specific guidance

II.3.1. General procedures

(1) Terms and Conditions of the Grant Agreement/Decision

The auditor obtains an understanding of the terms and conditions of the Grant Agreement/Decision by reviewing:

- a signed copy of the Grant Agreement/Decision, its annexes and other relevant information. Particular attention should be paid to the Description of the Action and the Budget;
- the Final Report (which includes a narrative and a financial section).

The auditor should also verify that the budget in the Final Financial Report corresponds⁸ to the budget of the Grant Agreement/Decision and whether there have been amendments to the Grant Agreement/Decision.

Particular attention should be paid to the amendment having an impact on the budget and/or eligibility period.

⁷ i.e. By counter-signing, dating and stamping the copy of the list of invoices the auditor (or competent public officer) will confirm that the costs and the revenues declared in the Final Financial Report respect the provisions of the agreed-upon-procedure.

⁸ Some degrees of flexibility in the implementation of the budget are allowed. The rule proposed in the grant agreement/decision is that changes of up to 10% of each item/heading (+ or -) are allowed without amendment, and will remain eligible. Please verify the rule in the grant agreement/decision (some grant agreements/decisions have 15% or 20% flexibility). Any changes within the limit specified in the grant agreement/decision didn't require the beneficiary's request for amending the grant agreement/decision.

Changes above the limit did require an amendment of the budget annexed to the grant agreement/decision. If such request was not approved by the Agency, the costs exceeding the limit should be considered ineligible.

(2) Final Financial Report for the Grant Agreement/Decision

- The Final Financial Report must conform to the model annexed to the Grant Agreement/ Grant Decision;
- The Final Financial Report should cover the Action or the Work Programme as a whole, regardless of which part of it is financed by the Agency.

(3) Rules for Accounting and Record Keeping

- The auditor examines whether the beneficiary has complied with the rules for accounting and record keeping in accordance with Articles II.19, II.20 and II.27.2 of the Grant Agreement/ General Conditions n° 19, 20 and 27.2 of the Grant Decision;
- The accounts kept by the beneficiary for the implementation of the Action must be accurate, up-to-date and exhaustive (including all expenditure and income);
- The auditor examines whether the coordinator has a double-entry book-keeping system;
- The income and expenditure relating to the Action must be easily identifiable and verifiable.

The auditor is only required to perform the four procedures listed above on the coordinator's accounting system and records i.e. there is **no requirement to test the co-beneficiaries/ project partners' accounting systems as well**. However, one would expect to see evidence of transactions between the coordinating beneficiary and co-beneficiaries/ partners recorded in the accounting system of the coordinating beneficiary e.g. transfers of project funds between the two entities. Note, however, that supporting documentation from co-beneficiaries/ partners such as invoices and payslips are still required for verification (please see Section II.3.2 below).

II.3.2. Verification evidence

The beneficiary will allow the auditor to carry out verifications on the basis of supporting documents for the accounts, accounting documents and any other document relevant to the financing of the Action.

The beneficiary will allow the auditor access to all documents concerning the technical and financial management of the Action (Article II.27 of the Grant Agreement and General Condition n° 27 of the Grant Decision). **It should also be noted further that it is the beneficiary's responsibility to obtain the accounting documents necessary to enable the auditor to verify costs incurred by co-beneficiaries/ project partners.**

Supporting documentation must be available in the form of original documents for the beneficiary (or certified copies of originals for the co-beneficiaries) rather than photocopies or facsimiles.

If the auditor encounters any discrepancies/exceptions in carrying out the performance of the procedures detailed in these guidance notes, e.g. missing supporting documentation, the general rule is for the cost item to

be corrected in the Final Financial Report to be submitted to the Agency, i.e. the applicable cost is excluded from the Final Financial Report.

There will be many instances where a discrepancy/ exception is not easily rectified by excluding it from the Final Financial Report, for example non-compliant⁹ sub-contracting costs or costs incurred during the eligibility period but not yet paid at the date of submission of the Final Financial Report or incurred after the end of eligibility (e.g. cost of audit report). In such instances, the auditor should report this in the dedicated section of report format (see Section IV of this guidance).

Section II.3 contains some specific instances where the auditor is required to report any deviations in the report format irrespective of the fact that the resulting financial errors would have already been corrected in the Final Financial Report, e.g. exchange rates differences or errors in staff time recording.

Where the auditor is in any doubt as to how to deal with a discrepancy/ exception, it is recommended that it is reported in the dedicated section of the report format and with a sufficient amount of detail that would allow the Agency to be able to make a decision on the issue.

II.3.3. Procedures to verify the expenditure

The following substantive procedures are required to be performed by the auditor to verify expenditure.

(1) All costs are justified by the relevant supporting documents

The auditor verifies, for each expenditure item, that the criteria set out below have been met.

– Costs actually incurred¹⁰

The auditor verifies that the items declared in the Final Financial Report were actually incurred by and pertain to the beneficiary. For this purpose the auditor examines supporting documentation (e.g. invoices, contracts) and proof of payment. The auditor verifies that the monetary value of the all expenditure items agrees with underlying documents (e.g. invoices, payroll documents)

– Exchange Rates

The auditor verifies that expenses incurred in a currency other than Euro have been converted in accordance with the provisions of the Grant Agreement/Decision. Where the beneficiary is required to use the website of the Commission, this refers to InforEuro¹¹.

– Cut-off - Implementation:

The auditor verifies that the items were incurred during the period of implementation or the eligibility in accordance with Article I.2

⁹ Non-compliant means that the sub-contracting costs doesn't respect the Guidelines set in the Grant Agreement/Decision, e.g. the required number quotes for the service to be rendered are missing.

¹⁰ Article II.19 of the Grant Agreement and General Condition n°19 of the Grant Decision.

¹¹ http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm

of the Grant Agreement/ Article 2 of the Grant Decision. Invoices related to the eligibility period but not yet paid at the date of submission of the Final Financial Report as well as those costs incurred after the end of the eligibility period should be detailed in the dedicated section of the report format (see Section IV of this guidance).

– Compliance with sub-contracting and procurement rules

Where applicable, the auditor examines which procurement rules (as provided for the Grant Agreement/Decision) apply for any given expenditure (sub) heading, class of expenditure or expenditure item. The auditor verifies whether the expenditure was incurred in accordance with such rules by examining the underlying documents for the procurement and purchase process, e.g. tenders/quotes. Where the auditor finds instances of non-compliance with procurement rules, the nature of the case and the details of the costs should be included in the dedicated section of the report format (see Section IV of this guidance).

(2) Direct costs¹²

In addition to carrying out the procedures listed above in point (1), the following procedures need to be performed by the auditor for the specific cost categories listed below.

(a) Staff costs

The auditor verifies that the relevant supporting documents for Staff costs are available and that costs claimed in the Final Financial Report are accurate.

Specifically, the auditor verifies:

- the existence of an employment contract (permanent or temporary) in accordance with relevant national legislation;
- that Staff costs claimed in the Final Financial Report are supported by payslips;
- the time recording of employees (paper/computer, daily/weekly/monthly, signed, authorised). If applicable, this verification might be done by checking the timesheets justifying the number of working days claimed;
- that costs attributable to the project are calculated accurately i.e. the daily rate is correct.

Reminder: for the co-beneficiaries it will be sufficient, for the coordinator, to provide the auditor with the certified copies of staff supporting documents (e.g. payslips).

Which documents should the beneficiary prepare for the auditor?

- Employment contracts for the staff in question;
- Payslips;
- Time recording of employees (e.g. time sheets if applicable);
- Detailed calculations supporting the daily cost claimed in the Final Financial Report.

Reminder: for the co-beneficiaries it will be sufficient, for the coordinator, to provide the auditor with the certified copies of staff supporting documents (e.g. payslips).

¹² Article II.19.2 of the Grant Agreement and General Condition n°19.2 of the Grant Decision.

(i) Specific considerations for time recording

What is the objective of the time recording check?

This procedure will provide the Agency with the information it needs to assess whether the recording of project time is in line with the costs charged for staff working on the Action.

Normally, time recording should be carried out regularly and authorised by the project manager to ensure that the time worked on the Action can be traced and charged correctly. For the employees declared in the Final Financial Report, the hours charged to the Action should have been accurately recorded in the time recording system. Any discrepancies between the amount charged to the Action and the amount in the recording system (or the absence of a recording system) should be recorded in the dedicated section of the report format (see Section IV of this guidance) and, where possible, the discrepancy should be corrected directly in the Final Financial Report.

Which documents should the beneficiary prepare for the auditor for the time recording check?

The beneficiary should provide a description of the time-recording system and, for the employees declared in the Final Financial Report, make available all the time sheets or provide full access to the computer system which records the time of the employees. The auditor should be able to trace the time charged to the time records of each individual employee.

The auditor also verifies the daily rate by dividing the actual personnel costs by the actual working days¹³, and then comparing it to the daily rate charged by the beneficiary.

Reminder: for the co-beneficiaries it will be sufficient, for the coordinator, to provide the auditor with the certified copies of staff supporting documents (e.g. payslips).

(ii) Specific considerations for the Staff cost reconciliation

The auditor verifies the daily rate by dividing the actual personnel costs by the actual working days¹⁴, and then comparing it to the daily rate charged by the beneficiary.

What is the objective of this procedure for Staff cost reconciliation?

The objective of this check is to verify that the daily rates being charged have been correctly calculated from the actual underlying

¹⁴ See 'Glossary' for definition of 'Staff working time (working days)'.

cost information for the period in question, namely the costs to the employer (salary / wages including benefits and other employment costs), divided by the number of working days with a reconciliation of the payroll information to the accounting records and payments.

Which documents should the beneficiary prepare for the auditor for Staff cost reconciliation?

The actual payroll information for the period in question (base salary, benefits of all kinds, pension contributions, employers' payroll taxes, social security contribution, etc.) and working days¹⁵ figures used to calculate the daily rates. The beneficiary should also provide a reconciliation/calculation showing how the daily rates were calculated from the payroll information.

If the working days or costs of personnel cannot be identified *or justified by the beneficiary*, the related costs should not be included in the Final Financial Report.

Reminder: for the co-beneficiaries it will be sufficient, for the coordinator, to provide the auditor with the certified copies of staff supporting documents (e.g. payslips).

(b) Other direct costs

For the purpose of these guidance notes, the heading 'Other direct costs' refers generically to all direct cost categories within the approved budget other than Staff costs, for example, travel & subsistence, equipment or production & dissemination costs, etc.

Which documents should the beneficiary prepare for the auditor?

For most transactions in these cost categories, it should be sufficient proof of expenditure if the beneficiary has kept original third-party invoices (or certified copies for co-beneficiaries).

For air travel costs, it is noted further that flight tickets and boarding passes may represent suitable documentation where both the cost of the trip and passengers' names/ dates/ start point & destination are evident.

For subsistence costs, reimbursement may be on the basis of actual costs (reimbursement of hotel invoices and restaurant receipts) or daily allowances. The beneficiary should prepare supporting documentation or calculations of daily allowances, whichever is appropriate. The daily allowances rate to be applied is the one from the destination country e.g. the country in which accommodation costs are incurred..

In either case, proof of attendance and overnight accommodation will be required to substantiate the costs declared.

¹⁵ See 'Glossary' for a description of 'working days'.

(3) Indirect Costs¹⁶

For flat rate indirect costs: no checks need to be carried out by the auditor.

This paragraph applies only to Grants for an Action as in the Operating Grants there are not indirect costs.

(4) Contributions in kind

If contributions in kind are provide for they must be indicated and valued in the budget for the Action and/or in the Grant Agreement/Decision.

The auditor verifies that the values declared in the Final Financial Report match the values entered in the initial budget.

The auditor verifies that the values entered for the contributions in kind in the Final Financial Report are correct.

II.3.4. Procedures to verify revenues

The auditor examines whether revenues which should be attributed to the Action (including inter alia grants and funding received from other donors, revenue generated by the Action, contributions in kind) have been allocated to the Action and disclosed in the Final Financial Report. For this purpose the auditor should consult the beneficiary and examines documentation obtained from the beneficiary, e.g. income accounts in the General Ledger¹⁷.

¹⁶ Article II.19.3 of the Grant Agreement and General Condition n°19.3 of the Grant Decision.

¹⁷ See 'Glossary' for definition of 'General Ledger'.

BENEFICIARY and CO-BENEFICIARIES

For the purpose of these guidance notes, the term "beneficiary" refers both to the beneficiary (coordinator) and co-beneficiaries (partners). It should be noted, however, that for the purpose of the Call for proposal (included the Programme Guide/Handbook¹⁸) and the Grant Agreement/Decision it should be understood that:

- The beneficiary is the organisation that, on behalf of the partners (defined as co-beneficiaries) has signed an agreement with the Agency (or to whom a Decision has been addressed). The beneficiary has the primary legal responsibility towards the Agency for the proper execution of the agreement; he/she also is responsible for the day-to-day coordination and management of the Action and for the usage of the EU funds allocated to the Action.
- The co-beneficiaries are the partners (or consortium) involved in the Action.

¹⁸ Delete if not applicable.

COMPETENT PUBLIC OFFICER

A public servant entitled to carry out an audit and/or financial verification as part of his/her duties (e.g. internal or external auditor).

EXPENDITURE INCURRED

Expenditure committed and paid by the beneficiary and co-beneficiaries in the framework of the Action/Work Programme.

FINAL FINANCIAL REPORT

Refers to the form (Annex to the Grant Agreement/Decision) whereby the beneficiary declares costs to the Agency in relation with the Grant Agreement/Decision. It should be noted that in the article dealing with 'Submission of reports', the Grant Agreement/Decision refers to the 'Final Financial Report' as 'Financial Statement'.

FINANCIAL STATEMENTS

In the context of these guidance notes, Financial Statements refers to the statutory accounts of the beneficiary which are composed of:

1. Statement of Financial Position (also referred to as "Balance Sheet");

The general ledger corresponds to the double-entry accounting in which the financial movements are recorded at the level of each individual account. It presents the chart of accounts of the beneficiary and provides the information on the debit and credit entries made in the individual accounts. The general ledger is the primary source from which the statutory financial statements (or equivalent) are prepared.

RESPONSIBLE AUTHORISING OFFICER (RAO)

The Agency's legal representative and signatory of the Grant Agreement/Decision.

STAFF WORKING TIME (WORKING DAYS)

Staff working time is the time actually spent on direct work on the Action. Staff working time has to be clearly justified and should match the underlying time records.

Staff working time:

- should exclude annual leave, public holidays, training and sick leave;
- should be calculated according to the beneficiary's and/or co-beneficiaries' normal practice and may vary depending on the personnel category, industry sector, unions, contracts and national legislation.

However, a figure of 220 working days per year can be considered to be a reasonable benchmark for a full-time member of staff in most cases.

Example:

Total days in a year	365
Weekends	-104
Annual holidays	-21
Statutory holidays	-10
<u>Illness/Others</u>	<u>-10</u>
Workable days in a year	220

WORK PROGRAMME

- [Option 2: delete if not applicable] The auditor is a Competent Public Officer who was not involved in the preparation of the Final Financial and meets at least one of the following competency criteria:
 - 1) Professional experience: minimum three years' professional experience in one of these fields: accounting, financial, taxation and auditing;
 - 2) Qualifications: a level of education which corresponds to completed university studies of at least 4 years attested by a diploma in the accounting, finance and/or auditing field, or professional training/a professional qualification of an equivalent level relevant to these fields.
- [Option 3: delete if not applicable] The auditor is qualified to carry out audits of accounting documents in accordance with national legislation.

The procedures to be performed are specified by the Agency and the auditor is not responsible for the suitability and appropriateness of these procedures.

2) Subject of the engagement

The subject of this engagement is the Final Financial Report in connection with the Grant Agreement/Decision <Agreement/ Decision reference number> for the period covering <dd Month yyyy to dd Month yyyy> and the Action entitled <title of the Action>, the 'Action'. Annex 1 to this letter contains information about the Grant Agreement/Decision.

3) Reason for the engagement

The beneficiary is required to submit to the Agency a Report of Factual Findings on the Final Financial Report - Type I in the form of an independent certification produced by an auditor in support of the payment requested by the beneficiary in accordance with Article I.4 of the Grant Agreement and Article 4 of the Grant Decision.. The Agency's Responsible Authorising Officer requires this Report as a condition for the final payment requested by the beneficiary.

4) Engagement type and objective

This constitutes an engagement to perform specific agreed-upon procedures regarding an independent verification of costs claimed under the Grant Agreement/Decision. The objective of this expenditure verification is for the auditor to carry out the specific

procedures listed in Annex 2 to this letter and to submit to the beneficiary a Report of Factual Findings with regard to the specific verification procedures performed. Verification means that the auditor examines the factual information in the Final Financial Report of the beneficiary.

As this engagement is not an assurance engagement, the auditor does not provide an audit opinion and expresses no assurance. The Agency assesses for itself the factual findings reported by the auditor and draws its own conclusions from these factual findings on the Final Financial Report and the payment request of the beneficiary relating thereto.

The auditor shall include in his/her report the amount of the fees and travel & subsistence reimbursement(s) received for providing the Report of Factual Findings and shall certify that no conflict of interest exists between him/her and the beneficiary in establishing the report.

5) Standards and ethics

The auditor shall undertake this engagement in accordance with:

- the International Standard on Related Services (‘ISRS’) 4400 *Engagements to perform Agreed-upon Procedures regarding Financial Information* as promulgated by the IFAC;
- the *Code of Ethics for Professional Accountants* issued by the IFAC. Although ISRS 4400 provides that independence is not a requirement for agreed-upon procedures engagements, the Agency requires that the auditor is independent from the beneficiary and complies with the independence requirements of the *Code of Ethics for Professional Accountants*.

6) Procedures, evidence and documentation

The auditor plans the work so that effective expenditure verification can be performed. The auditor performs the procedures listed in Annex 2 and applies the related guidelines (‘Specific procedures to be performed’). The evidence to be used for performing the procedures in Annex 2 is all financial and non-financial information which makes it possible to examine the expenditure claimed by the beneficiary in the Final Financial Report. The auditor uses the evidence obtained from these procedures as the basis for the Report of Factual Findings. The auditor documents matters which are important in providing evidence to support the Report of Factual Findings, and evidence that the work was carried out in accordance with ISRS 4400 and the specific guidance provided by the Agency.

7) Reporting

The report on this expenditure verification should describe the purpose, the agreed-upon procedures and the factual findings in sufficient detail to enable the beneficiary and the Agency to understand the nature and extent of the procedures performed by the auditor.

The use of the reporting template attached hereto (Annex 3 - Compulsory report format and procedures to be performed) is mandatory. This report must be provided by the auditor to <name of the beneficiary> within <xx; number of working days to be indicated by the beneficiary> working days after the day of signature of this engagement.

8) Other Terms

[The beneficiary and the auditor may use this section to agree other specific terms such as auditor’s fees, out of pocket expenses, liability, applicable law, etc.]

Annex 2 - Listing of Specific Procedures to be performed

I. Procedures to be carried out for the Report of Factual Findings on the Final Financial Report - Type I

The Agency has designed these procedures in order to obtain standardised and comparable reports from all auditors, who are expected to carry out the procedures without adaptation for the particular circumstances of the beneficiary. In particular all procedures have to be carried out in full and **unaltered**.

It should be noted that the Responsible Authorising Officer will be in charge of taking the relevant decisions on the eligibility of costs declared in the Final Financial Report.

II. List of Procedures to be performed and specific guidance

II.1. General procedures

(1) Terms and Conditions of the Grant Agreement/Decision

The auditor obtains an understanding of the terms and conditions of the Grant Agreement/Decision by reviewing:

- a signed copy of the Grant Agreement/Decision, its annexes and other relevant information. Particular attention should be paid to the Description of the Action and the Budget;
- the Final Report (which includes a narrative and a financial section).

The auditor should also verify that the budget in the Final Financial Report corresponds¹⁹ to the budget of the Grant Agreement/Decision and whether there have been amendments to the Grant Agreement/Decision.

Particular attention should be paid to the amendment having an impact on the budget and/or eligibility period.

(2) Final Financial Report for the Grant Agreement/Decision

- The Final Financial Report must conform to the model annexed to the Grant Agreement/ Grant Decision;

¹⁹ Some degrees of flexibility in the implementation of the budget are allowed. The rule proposed in the grant agreement/decision is that changes of up to 10% of each item/heading (+ or -) are allowed without amendment, and will remain eligible. Please verify the rule in the grant agreement/decision (some grant agreements/decisions have 15% or 20% flexibility). Any changes within the limit specified in the grant agreement/decision didn't require the beneficiary's request for amending the grant agreement/decision.

Changes above the limit did require an amendment of the budget annexed to the grant agreement/decision. If such request was not approved by the Agency, the costs exceeding the limit should be considered ineligible.

- The Final Financial Report should cover the Action or the Work Programme as a whole, regardless of which part of it is financed by the Agency.

(3) Rules for Accounting and Record Keeping

- The auditor examines whether the beneficiary has complied with the rules for accounting and record keeping in accordance with Articles II.19, II.20 and II.27.2 of the Grant Agreement/ General Conditions n° 19, 20 and 27.2 of the Grant Decision;;
- The accounts kept by the beneficiary for the implementation of the Action must be accurate, up-to-date and exhaustive (including all expenditure and income);
- The auditor examines whether the coordinator has a double-entry book-keeping system;
- The income and expenditure relating to the Action must be easily identifiable and verifiable.

The auditor is only required to perform the four procedures listed above on the coordinator's accounting system and records i.e. there is **no requirement to test the co-beneficiaries/ project partners' accounting systems as well**. However, one would expect to see evidence of transactions between the coordinating beneficiary and co-beneficiaries/ partners recorded in the accounting system of the coordinating beneficiary e.g. transfers of project funds between the two entities. Note, however, that supporting documentation from co-beneficiaries/ partners such as invoices and payslips are still required for verification (please see Section II.3.2 below).

II.2. Verification evidence

The beneficiary will allow the auditor to carry out verifications on the basis of supporting documents for the accounts, accounting documents and any other document relevant to the financing of the Action.

The beneficiary will allow the auditor access to all documents concerning the technical and financial management of the Action (Article II.27 of the Grant Agreement and General Condition n° 27 of the Grant Decision). **It should also be noted further that it is the beneficiary's responsibility to obtain the accounting documents necessary to enable the auditor to verify costs incurred by co-beneficiaries/ project partners.**

Supporting documentation must be available in the form of original documents for the beneficiary (or certified copies of originals for the co-beneficiaries) rather than photocopies or facsimiles.

If the auditor encounters any discrepancies/exceptions in carrying out the performance of the procedures detailed in these guidance notes, e.g. missing supporting documentation, the general rule is for the cost item to be corrected in the Final Financial Report to be submitted to the Agency, i.e. the applicable cost is excluded from the Final Financial Report.

There will be many instances where a discrepancy/ exception is not easily rectified by excluding it from the Final Financial Report, for example non-compliant²⁰ sub-contracting costs or costs incurred during the eligibility period but not yet paid at the date of submission of the Final Financial Report or incurred after the end of eligibility (e.g. cost of audit report). In such instances, the auditor should report this in the dedicated section of report format (see Section IV of this guidance).

Section II.3 contains some specific instances where the auditor is required to report any deviations in the report format irrespective of the fact that the resulting financial errors would have already been corrected in the Final Financial Report, e.g. exchange rates differences or errors in staff time recording.

Where the auditor is in any doubt as to how to deal with a discrepancy/ exception, it is recommended that it is reported in the dedicated section of the report format and with a sufficient amount of detail that would allow the Agency to be able to make a decision on the issue.

II..3. Procedures to verify the expenditure

The following substantive procedures are required to be performed by the auditor to verify expenditure.

(1) All costs are justified by the relevant supporting documents

The auditor verifies, for each expenditure item, that the criteria set out below have been met.

– Costs actually incurred²¹

The auditor verifies that the items declared in the Final Financial Report were actually incurred by and pertain to the beneficiary. For this purpose the auditor examines supporting documentation (e.g. invoices, contracts) and proof of payment. The auditor verifies that the monetary value of the all expenditure items agrees with underlying documents (e.g. invoices, payroll documents)

– Exchange Rates

The auditor verifies that expenses incurred in a currency other than Euro have been converted in accordance with the provisions of the Grant Agreement/Decision. Where the beneficiary is required to use the website of the Commission, this refers to InforEuro²².

– Cut-off - Implementation period:

The auditor verifies that the items were incurred during the period of implementation or the eligibility in accordance with Article I.2 of the Grant Agreement/ Article 2 of the Grant Decision. Invoices related to the eligibility period but not yet paid at the date of

²⁰ Non-compliant means that the sub-contracting costs doesn't respect the Guidelines set in the Grant Agreement/Decision, e.g. the required number quotes for the service to be rendered are missing.

²¹ Article II.19 of the Grant Agreement and General Condition n°19 of the Grant Decision.

²² http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm

submission of the Final Financial Report as well as those costs incurred after the end of the eligibility period should be detailed in the dedicated section of the report format (see Section IV of this guidance).

– Compliance with sub-contracting and procurement rules

Where applicable, the auditor examines which procurement rules (as provided for the Grant Agreement/Decision) apply for any given expenditure (sub) heading, class of expenditure or expenditure item. The auditor verifies whether the expenditure was incurred in accordance with such rules by examining the underlying documents for the procurement and purchase process, e.g. tenders/quotes. Where the auditor finds instances of non-compliance with procurement rules, the nature of the case and the details of the costs should be included in the dedicated section of the report format (see Section IV of this guidance).

(2) Direct costs²³:

In addition to carrying out the procedures listed above in point (1), the following procedures need to be performed by the auditor for the specific cost categories listed below.

(c) Staff costs

The auditor verifies that the relevant supporting documents for Staff costs are available and that costs claimed in the Final Financial Report are accurate.

Specifically, the auditor verifies:

- the existence of an employment contract (permanent or temporary) in accordance with relevant national legislation;
- that Staff costs claimed in the Final Financial Report are supported by payslips;
- the time recording of employees (paper/computer, daily/weekly/monthly, signed, authorised). If applicable, this verification might be done by checking the timesheets justifying the number of working days claimed;
- that costs attributable to the project are calculated accurately i.e. the daily rate is correct.

Reminder: for the co-beneficiaries it will be sufficient, for the coordinator, to provide the auditor with the certified copies of staff supporting documents (e.g. payslips).

Which documents should the beneficiary prepare for the auditor?

- Employment contracts for the staff in question;
- Payslips;
- Time recording of employees (e.g. time sheets if applicable);
- Detailed calculations supporting the daily cost claimed in the Final Financial Report.

Reminder: for the co-beneficiaries it will be sufficient, for the coordinator, to provide the auditor with the certified copies of staff supporting documents (e.g. payslips).

²³ Article II.19.2 of the Grant Agreement and General Condition n°19.2 of the Grant Decision.

(i) Specific considerations for time recording

What is the objective of the time recording check?

This procedure will provide the Agency with the information it needs to assess whether the recording of project time is in line with the costs charged for staff working on the Action.

Normally, time recording should be carried out regularly and authorised by the project manager to ensure that the time worked on the Action can be traced and charged correctly. For the employees declared in the Final Financial Report, the hours charged to the Action should have been accurately recorded in the time recording system. Any discrepancies between the amount charged to the Action and the amount in the recording system (or the absence of a recording system) should be recorded in the dedicated section of the report format (see Section IV of this guidance) and, where possible, the discrepancy should be corrected directly in the Final Financial Report.

Which documents should the beneficiary prepare for the auditor for the time recording check?

The beneficiary should provide a description of the time-recording system and, for the employees declared in the Final Financial Report, make available all the time sheets or provide full access to the computer system which records the time of the employees. The auditor should be able to trace the time charged to the time records of each individual employee.

The auditor also verifies the daily rate by dividing the actual personnel costs by the actual working days²⁴, and then comparing it to the daily rate charged by the beneficiary.

Reminder: for the co-beneficiaries it will be sufficient, for the coordinator, to provide the auditor with the certified copies of staff supporting documents (e.g. payslips).

(ii) Specific considerations for the Staff cost reconciliation

The auditor verifies the daily rate by dividing the actual personnel costs by the actual working days, and then comparing it to the daily rate charged by the beneficiary.

What is the objective of this procedure for Staff cost reconciliation?

The objective of this check is to verify that the daily rates being charged have been correctly calculated from the actual underlying cost information for the period in question, namely the costs to the employer (salary / wages including benefits and other employment

costs), divided by the number of working days with a reconciliation of the payroll information to the accounting records and payments.

Which documents should the beneficiary prepare for the auditor for Staff cost reconciliation?

The actual payroll information for the period in question (base salary, benefits of all kinds, pension contributions, employers' payroll taxes, social security contribution, etc.) and working days²⁵ figures used to calculate the daily rates. The beneficiary should also provide a reconciliation/calculation showing how the daily rates were calculated from the payroll information.

If the working days or costs of personnel cannot be identified *or justified by the beneficiary*, the related costs should not be included in the Final Financial Report.

Reminder: for the co-beneficiaries it will be sufficient, for the coordinator, to provide the auditor with the certified copies of staff supporting documents (e.g. payslips).

(d) Other direct costs

For the purpose of these guidance notes, the heading 'Other direct costs' refers generically to all direct cost categories within the approved budget other than Staff costs, for example, travel & subsistence, equipment or production & dissemination costs, etc.

Which documents should the beneficiary prepare for the auditor?

For most transactions in these cost categories, it should be sufficient proof of expenditure if the beneficiary has kept original third-party invoices (or certified copies for co-beneficiaries).

For air travel costs, it is noted further that flight tickets and boarding passes may represent suitable documentation where both the cost of the trip and passengers' names/ dates/ start point & destination are evident.

For subsistence costs, reimbursement may be on the basis of actual costs (reimbursement of hotel invoices and restaurant receipts) or daily allowances. The beneficiary should prepare supporting documentation or calculations of daily allowances, whichever is appropriate. The daily allowances rate to be applied is the one from the destination country e.g. the country in which accommodation costs are incurred.

In either case, proof of attendance and overnight accommodation will be required to substantiate the costs declared.

²⁵ See 'Glossary' for a description of 'working days'.

(3) Indirect Costs²⁶

For flat rate indirect costs: no checks need to be carried out by the auditor.

This paragraph applies only to Grants for an Action as in the Operating Grants there are not indirect costs.

(4) Contributions in kind

If contributions in kind are provide for they must be indicated and valued in the budget for the Action and/or in the Grant Agreement/Decision.

The auditor verifies that the values declared in the Final Financial Report match the values entered in the initial budget.

The auditor verifies that the values entered for the contributions in kind in the Final Financial Report are correct.

II.4. Procedures to verify revenues

The auditor examines whether revenues which should be attributed to the Action (including inter alia grants and funding received from other donors, revenue generated by the Action, contributions in kind) have been allocated to the Action and disclosed in the Final Financial Report. For this purpose the auditor should consult the beneficiary and examines documentation obtained from the beneficiary, e.g. income accounts in the General Ledger²⁷.

²⁶ Article II.19.3 of the Grant Agreement and General Condition n°19.3 of the Grant Decision.

²⁷ See 'Glossary' for definition of 'General Ledger'.
